TEAM WORD

- Divide the class into 3 teams - NUMBERS, CLASSROOM and FURNITURE, and ANIMALS accordingly.
- One team builds a word from their category using only their bodies. The rest two teams are trying to guess the word. The first team to guess it gets a point and a right to show their word.
- It is important that students build the word, not a notion. They can do it showing letters one by one or letter combinations.
- Make sure that all the student are involved into demonstrating the word. The main task is to use everybody in the team.
- **Language:** vocabulary review, spelling
- **Life skills:** collaboration (leadership and teamwork), self-esteem, critical thinking (categorizing).
