### SCISSORS PAPER STONE GAME

With Ss decide which kind of transport is the fastest. Stick the flashcards with the pictures them in order accordingly. E.g.:

- For each kind of transport, find the movement together with the students.
- At the beginning of the game, they all are riding a bus. Get them mime and say "I'm riding a bus".
- Ss play paper-scissors-stone while riding a bus. The winner moves from the bus to the taxi and has to mime and repeat "I'm driving a taxi" until they find someone who also won previously.
- So, bus-riders play with each other, taxi-drivers – with each other until they move to the next level.
- Then, taxi drivers move to the boats, motorbikes and, finally, everybody "is flying a plane".
