- Give your students an extra chance to read the target words.
- Print the cards out and give them out to your students, having grouped them if necessary.
- Shuffle and deal three to six cards to each player.
- Players take turns drawing a card from a player to their left.
- If a player draws a card that matches one in his or her hand, he/she reads the two matching words in order to keep the pair.
- The game continues until all the cards are matched, except for the one odd card.
- The player who holds that card at the end wins the game.
