

4 Holiday Plans

1 Read the story and answer the question. Where is the coin now?

Every year we visit my grandparents, they live near the beach. I really enjoy it there, it's so quiet, the only noise comes from the birds flying above.

My grandparents love collecting oysters and I help them, it's great fun. But then, we have to eat the oysters, I don't enjoy that at all!

Last year, I was playing with my friends and we found something really exciting. It was an old coin.

We took it to the local museum and they told us it was a Roman coin. It was over 2000 years old! They told us it was very expensive. I could buy lots of toys with that coin!

We gave the coin to the museum. The people at the museum took our photo and put it next to the coin. So now I can say that my photo is in a museum.
