9

- 1 A a broken arm
- 2 C rest her leg
- 3 C a cold
- 4 B drink lots of water
- 5 B five days

TAPESCRIPT

1

Doctor: Come in Ana. How can I help you?

Ana: Hello doctor. I was playing hockey yesterday in school and I fell. My arm hurts. I think I've broken it.

Doctor: Let me see. Well, I don't think you've broken your arm, so that's good, but look at your leg. You shouldn't walk on it at the moment.

Ana: What should I do? Should I go to hospital?

Doctor: No. You should rest it over the weekend, and come and see me again or phone me on Monday if it's not better.

2

Pedro: Hello doctor.

Doctor: Hello Pedro. How can I help you?

Pedro: Well, I think I've got a temperature, a stomach ache and maybe a bad cold.

Doctor: Oh dear. And have you got a headache?

Pedro: No, I haven't.

Doctor: Good. Actually, you haven't got a temperature but you have got a cold.

Pedro: Can you give me some medicine, please?

Doctor: No, you shouldn't take medicine for a cold. The best thing to do is to rest, eat lots of fresh fruit and drink lots of water.

3

Jane: Hello doctor.

Doctor: Hello Jane. Come in and sit down. How can I help you?

Jane: Well, I've had an earache for three days now and I don't know what to do about it.

Doctor: And have you got a headache?

Jane: No, not at the moment, but I had one yesterday.

Doctor: OK. You should use this medicine for five days and come back if it doesn't get better.

Jane: Can I go swimming?

Doctor: Oh no, that's not a good idea. You shouldn't go swimming for a week.

Jane: OK. Thank you doctor.
