TAPESCRIPT

Pablo: Before I go to school in the week, I usually have tomatoes and oil on toast. Sometimes I have an orange or a banana with yoghurt and a drink of hot chocolate. My sister always has a glass of milk or water after a bowl of cereal. She never has toast.

Lunch is our main meal of the day and we have it at school at about one o'clock. For the first course, we normally have salad and the main course is usually fresh meat and potatoes. We always have something sweet at the end of the meal. There's a choice of fresh fruit or cake, but sometimes we can have ice cream. That's my favourite! We always have water with lunch.

For supper, at around eight o'clock, we don't have a big meal. I have a ham sandwich or some crisps and my sister has bread and jam while we watch TV. We don't go to bed late in the week.

Change

I think *Change* is the best magazine you can buy. It's not very expensive and it's got lots of interesting articles about clothes, fashion and make-up and you can find out about what famous people are doing. The interviews are never boring and it doesn't have lots of advertisements on every page. One thing I don't like is reading the 'School Problem Page', but the advice is sometimes interesting or funny. I first saw *Change* about two years ago, when my sister started reading it. Then my friend bought it last year, and I started buying it six months ago. It's great that all my friends read it as we can talk about the articles and do the competitions together. You should buy it. I think you'll enjoy it.

2

Teen Fashion

I liked this magazine because it has lots of ideas about the latest fashion and sports clothes and it tells you where you can buy these on the internet. When I started buying it, I loved it, but now I think there are many advertisements for expensive clothes, and most teenagers don't have a lot of money. Another problem is that the interviews with sports stars are usually boring because the people aren't very famous and their lives aren't very interesting. Last month I got a free wooden keyring, but it broke when I used it. I get my *Teen Fashion* magazine every month and it's not very expensive. But sometimes it can be very difficult to find in the shops so I think I'm going to stop buying it.

3

Go

Go is a magazine for young people who are interested in nature, animals, sports, hobbies and science. The best articles are about nature because you can find out about different places in the world. Every week, *Go* has a fantastic short story about what happens when a group of friends practise playing a new sport, and there is always an article on new computer games. The magazine is quite expensive but it's really good.
